

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
SAN FRANCISCO BAY REGION

ORDER NO. 89-031

RESCINDING NPDES PERMIT NO. CA0028126 FOR  
MOE SAND COMPANY  
OAKLAND, ALAMEDA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region finds that:

1. Moe Sand Company, hereinafter called the discharger, has previously been issued a permit by this Board under the National Pollutant Discharge Elimination System (NPDES) in Order Nos. 84-9 and 71-15.
2. The discharger qualifies for a permit rescission because it has ceased its discharge of wastewater to surface waters, subsequent to elimination of its hydraulic sand unloading operation, precluding the need for a wastewater collection and discharge facilities.
3. The rescission of the permit for the discharge is exempt from the provisions of Chapter 3 (commencing with Section 21000 of Division 13) of the Public Resources Code (CEQA) pursuant to Section 13389 of the California Water Code.
4. The Board has notified the discharger and interested agencies and persons of its intent to rescind the waste discharge requirements, and has provided them with an opportunity for a public hearing and an opportunity to submit their written views and recommendation.
5. The Board in a public meeting heard and considered all comments pertaining to the rescission of waste discharge requirements for Moe Sand Company.

IT IS HEREBY ORDERED that the Regional Board Orders cited in Finding 1 of this Order are rescinded.

I, Steven R. Ritchie, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Quality Control Board, San Francisco Bay Region, on March 15, 1989.

STEVEN R. RITCHIE  
Executive Officer
